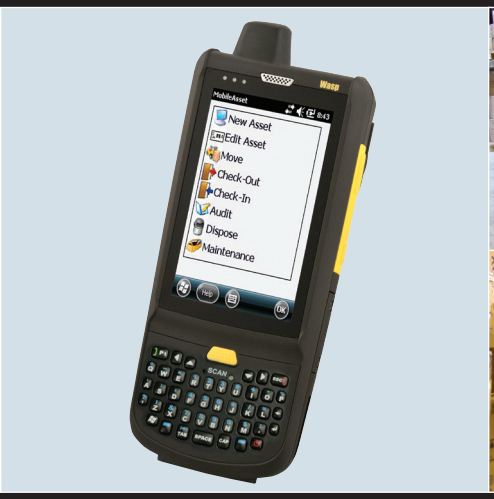
Wasp
BARCODE TECHNOLOGIES

HC1

MOBILE COMPUTER



Productivity Solutions for Small Businesses

The Wasp HC1 mobile computer combines flexibility with versatility to meet the demands for daily applications used in field service, retail, hospitality, and logistical environments. Maximize your efficiency with the intuitive Windows Embedded Handheld 6.5 operating system and 806MHz processor.

Quickly read 1D barcodes using the integrated laser scan engine and review your records using the 3.8 inch Wide VGA transflective, color touch LCD screen – making it ideal for outdoor applications in the field. Easily download data back to your PC using the built-in wireless 802.11 a/b/g connectivity and optional 3.5G, GPS, and GPRS edition.

The rugged HC1 handheld computer offers an IP65 rating for protection against water and dust and it can stand up to multiple 5' drops to concrete. The HC1 mobile computer is RoHS compliant and CE, FCC, BSMI, VCCI, and CCC certified.

WASP HC1 FEATURES

- Integrated wireless 802.11 a/b/g connectivity
- Optional 3.5G five-bands, GSM/GPRS 850 MHz, 900 MHz, 1800 MHz, and 1900 MHz; UMTS WCDMA/HSDPA 950 MHz, 1900 MHz, and 2100 MHz/GPRS EDGE
- 256 MB DDR RAM and 512 MB NAND Flash
- Add up to 32 GB of additional memory via MicroSD slot
- Windows Embedded Handheld 6.5 operating system
- Operates up to 8 hours on a single charge
- 44-key QWERTY keypad
- 3.8" Wide VGA outdoor LCD color touch screen with backlight
- U-blox® 6 High Performance GPS chipset supporting AssistNow® online and AssistNow® offline AGPS services; OMA SUPL compliant supports new European satellite system GALILEO
- 5.0 megapixel autofocus camera with flash MPEG-4 video codex (VGA resolution)

BENEFITS

- Increase productivity and efficiency in field service, retail, hospitality, and logistical environments
- Accurately read 1D barcodes with the integrated laser scanner
- Enhance viewing experience with the large outdoor LCD screen
- Wireless connectivity allows for easy access to information on-the-go
- Durable design reduces downtime from harsh conditions
- Compatible with Wasp MobileAsset and Inventory Control software
